## About Us .....

 is a leading bathroom brass ware manufacturer providing high quality taps, showers, accessories and fittings to customer across the country.

 belongs to manufacturer of bathroom fittings known for quality and elegance. The far sighted vision of management raised the company to new heights in a very short of its operation.

 bath fittings combine passion, perfection and modern inspiration to deliver the ultimate pleasure. Modern, timeless design, harmoniously melting in shape and function. Design that makes the day more beautiful. With timeless styles, innovative functionality and quality construction, SM products are designed for real life. high quality materials and perfected functionality for maximum comfort. An unbelievable variety of faucets, which by their design open up free creative space in your bathroom – for a relaxed atmosphere of well being. Objects which bring joy day by day.

Our products have been designed to withstand daily use, year after year, without problems. All new designs are fully tested using prototype models and operational performance is checked under extreme conditions. So all our models get a rough start in life. But we are not content with less, because without stability, the good life fades away like morning dew.

Our goal is just to be simple and ambitious. We want to give you a better life with water. We want to do more than just make taps. We make fittings for your well-being-for life, for you.
